Summary of Legislation: The bill provides that it is a Class A infraction to purchase, use, or distribute software designed primarily to interfere with the operation of an entity that sells tickets to sporting or entertainment events over the Internet by circumventing the ticket seller's measures to ensure an equitable ticket buying process.

Effective Date: July 1, 2009.

Explanation of State Expenditures:

Explanation of State Revenues: If additional court cases occur and infraction judgments and court fees are collected, revenue to the state General Fund may increase. The maximum judgment for a Class A infraction is \$10,000, which is deposited in the state General Fund.

If court actions are filed and a judgment is entered, a court fee of \$70 would be assessed, 70% of which would be deposited in the state General Fund if the case is filed in a court of record or 55% if the case is filed in a city or town court. In addition, some or all of the document storage fee (\$2), automated record keeping fee (\$7), judicial salaries fee (\$18), the public defense administration fee (\$3), the court administration fee (\$5), and the judicial insurance adjustment fee (\$1) are deposited into the state General Fund.

Explanation of Local Expenditures:

Explanation of Local Revenues: If additional court actions are filed and a judgment is entered, local governments would receive revenue from the following sources. The county general fund would receive 27%

of the \$70 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund.
